# Mobile Apps 2024

Assignment 1

Due: 22 February 2024 18:00
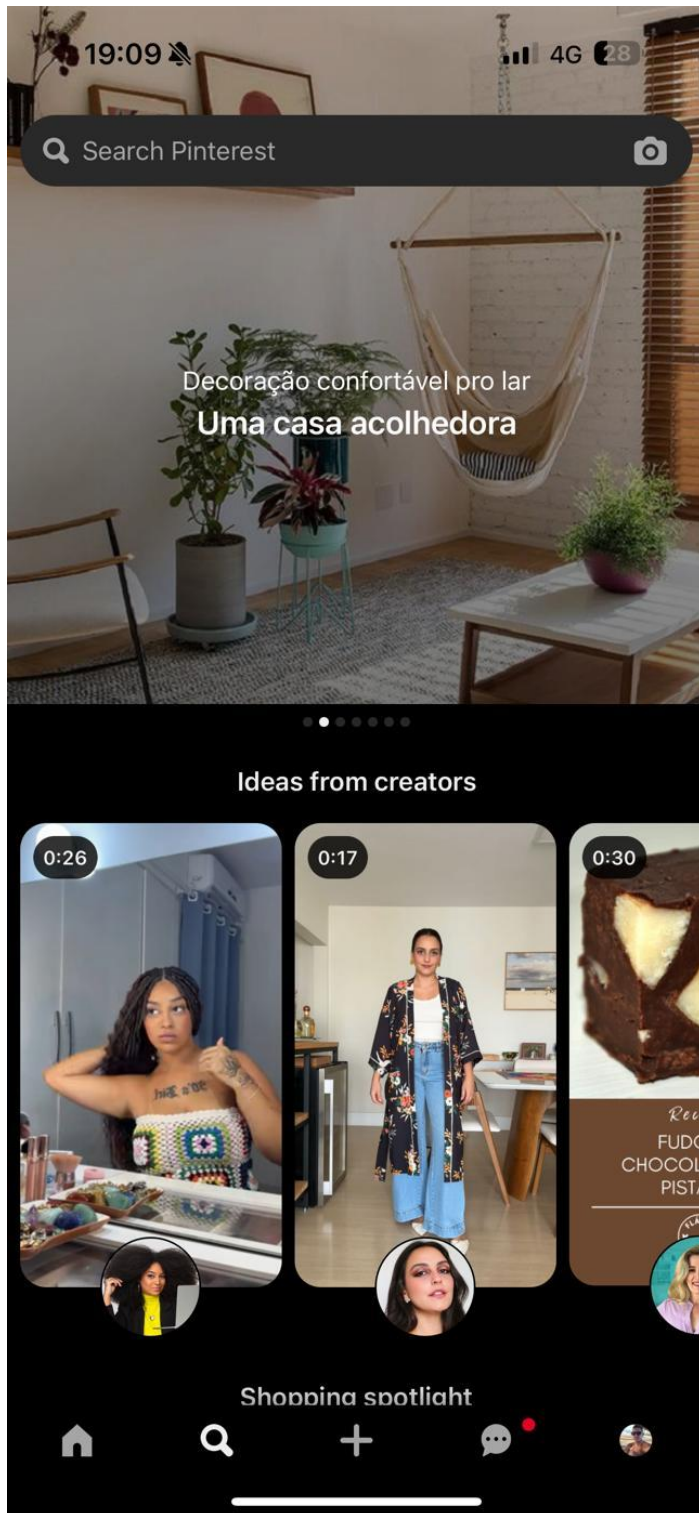

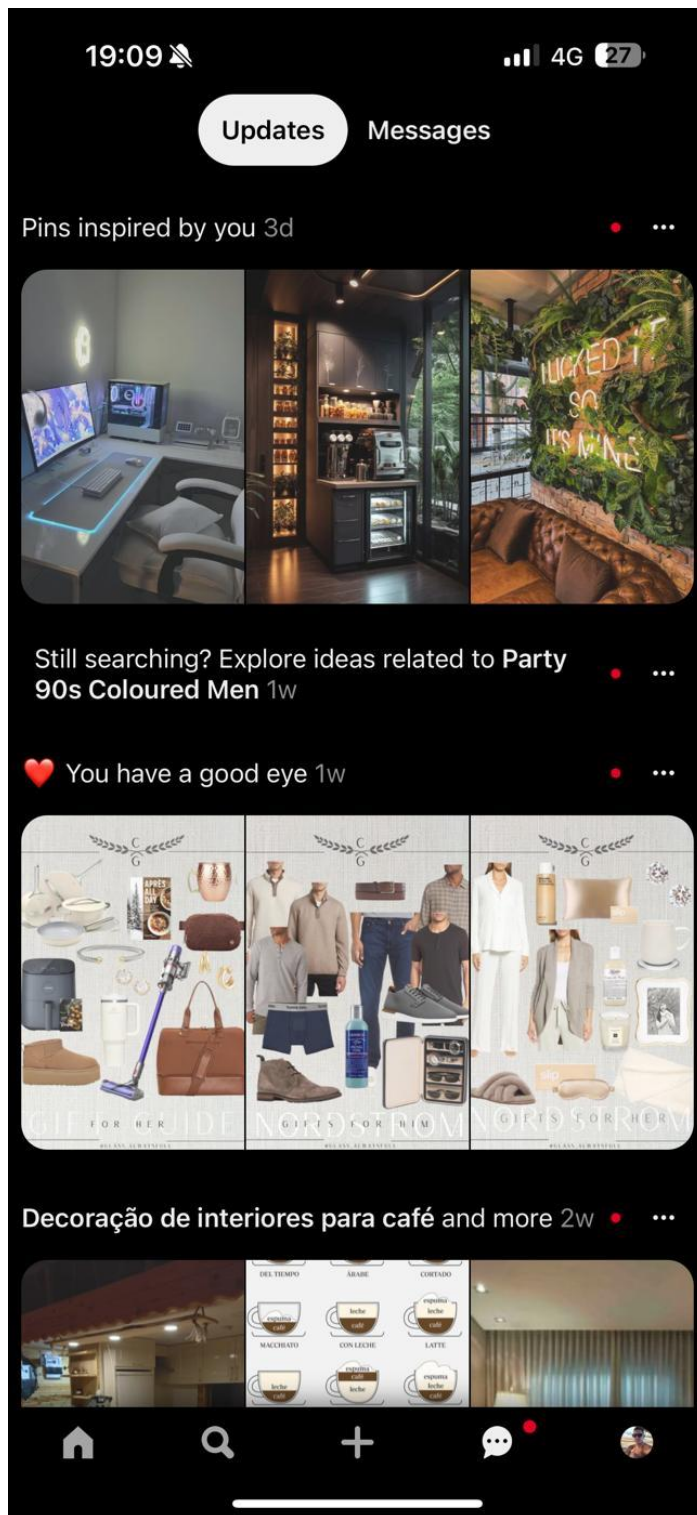

Vinicius Miranda

Student no: 70973

Comment: There is a Bottom Navigate Bar on Pinterest disposed in a Row, with 5 elements around spaced.

At the Screenshot I'm in the first section which is main page, you can find a Column with different size elements evenly spaced.

Comment: There is a Bottom Navigate Bar on Pinterest disposed in a Row, with 5 elements around spaced also there is a top bar navigation disposed in a row with element spaced between.

At the Screenshot I'm in the second section which is search page, you can find two Columns. The first one is disposed as flex start, there is a roll between the two columns aligned in the center, after that there's a column with elements disposed in row evenly spaced.

Comment: There is a Bottom Navigate Bar on Pinterest disposed in a Row, with 5 elements around spaced.

At the Screenshot I'm in the fourth section which is message page, first there is a row with two texts aligned in the center, below it another row with text and elements which is aligned space between and following it there's a column with 3 elements spaced between.

After this there are 2 rows with text and elements which is aligned space between, following that there's a column with 3 elements spaced between.

After this there's a row with text and elements which is aligned space between, following that there's a column with 3 elements spaced between.
